# ABOUT US...

**EXCEL TRADE FX is a leading international trading project specializing in sourcing and distributing high-quality goods from India to global markets. Drawing on decades of experience in global trade, we utilize our extensive supplier network and logistical expertise to offer customers a diverse range of competitively priced products. Our dedication to quality control and customer satisfaction guarantees that every shipment meets the highest standards.**

# FOREX TRADING ?

At its core, Forex trading involves speculating on the price movements of currency pairs. The forex market is decentralized, meaning that it does not have a physical location or centralized exchange. Instead, transactions occur over-the-counter (OTC) through a global network of banks, brokers, and financial institutions operating 24 hours a day, five days a week.

Currency pairs are quoted in terms of base and quote currencies. For example, in the pair EUR/USD, the euro is the base currency, and the U.S. dollar is the quote currency. If the EUR/USD pair is trading at 1.20, it means 1 euro is worth 1.20 U.S. dollars.

# OUR IDEAL.

“So many people want the positive rewards of being a successful trader without being willing to go through the commitment and pain. And there’s a lot of pain.”

Bill Lipschutz

“Where you want to be is always in control, never wishing, always trading, and always, first and foremost protecting your butt. After a while, size means nothing. It gets back to whether you’re making 100% rate of return on \$10,000 or \$100 million dollars. It doesn’t make any difference.”

- Paul Tudor Jones

## Stanley Druckenmiller Approach

“My idea of risk control is a little non-conventional. I like putting all my eggs in one basket and then watching the basket very carefully...At most business schools they teach, I think, a lot of nonsense called risk-adjusted return and diversification. As a money manager, if you look at a normal portfolio most people will make 70-80% of their money that year on 2-3 ideas even though they will have 30-40 things in their portfolio. My concept was to put into those 2-3 ideas I have the most conviction in.”

## ANDY KRIEGER VS. THE KIWI

YEAR 1987

\$300,000,000
